Subject: Underground Storage Tank Closure, Oak Hollow Maint. H.P. Parks and Recreation, 1313 Oakview Road, High Point, Guilford County, NC.

Dear Sir,

On January 14, 1992, we received the soil sample results and closure assessment from the underground storage tank (UST) closure at the subject location. This closure notification is for the 1,000 gallon heating oil tank that was removed on April 2, 1991. As the implementing agency for both the State and Federal Underground Storage Tank Programs, we have determined from review of your assessment that the UST system has been closed in accordance with NCAC Title 15A Subchapter 2N Sections .0802 and .0803 and 40 CFR 280.71 and 280.72. However, this does not absolve you of any responsibility for contamination that may not have been detected or noted during the site assessment.

If you have any questions, please feel free to contact me at the letterhead address or (919) 373-7565.

Sincerely,

*Sharon K. Cihak*
